MAGNUS MECHANICAL RELEASE RUNNING TOOL

Approved by: Jogendra Singh

DESCRIPTION & APPLICATION:

MCS model 'MMRT' setting cum running tool is an assembly that conveys the liner, wiper plugs, seal assembly and hanger assembly into the well. It also serves as pack-off tool when the liner runs with the liner top pack-offs. The Model "MMRT" Running cum Setting Tool is Provided with slots on the body for circulation purposes. The face of Setting Dog of the Running Tool is knurled for sufficient grip After the completion of cementing the tool is release by right hand rotation With the liner hung and the setting tool released the string is picked up to release the setting dogs. Setting weight back down on the string will activate and lock the pack off in the set position.
