MAGNUS AUTO FILL CEMENT FLOAT SHOE/COLLAR

Approved by: Jogendra Singh

DESCRIPTION & FEATURES :

- ◆ Single Flapper valve design.
- ◆ Valve is run in hole open allowing the casing to completely fill.
- ◆ Converted to conventional one-way check valve by dropping a ball and pressuring up to the release the flapper.
- ◆ Untill the conversion ball has been dropped, the casing can be circulated at any time without affecting the fill up operation.

SIZE AVAILABILITY:

- ◆ 3-1/2" TO 30.00".
